The ultimate VCE digital resource package for your child

A HIGH VALUE PACKAGE

The Jacaranda VCE Bundle provides your child with access to up to 27 digital resources that would normally cost more than $900. The Jacaranda VCE Bundle includes access to up to 15 eBookPLUS titles, many of which also include Jacaranda's unique exam preparation tool, studyON.

EASY SET UP

Jacaranda creates your child's JacPLUS account and uploads all digital resources, ready for the start of the school year. Once set up, your child can access their eBookPLUS resources anytime, anywhere, from any digital device. Each account is password protected and should only be accessed by your child. The following information will be provided to the school before the start of the school year:

- Account login details for your child
- Instructions if they lose their password
- List of all resources in each student's JacPLUS bookshelf
- How to launch JacPLUS for the first time
- User guides and how to contact the Customer Support team.

PAYMENT

Jacaranda has created a Parent Payment Portal website so parents can pay for the Jacaranda VCE Bundle easily and securely online. Detailed information on how to use and when to access the website will be provided through your school later in the year.
The Jacaranda VCE Bundle combines superior course content and powerful digital resources with access to 14 eBookPLUS titles for Year 11 and 15 titles for Year 12, across the most commonly studied subjects.
