The ultimate VCE digital resource package for your child.

**A HIGH VALUE PACKAGE**

The Jacaranda VCE Bundle provides your child with access to up to 27 digital resources that would normally cost more than $800. The Jacaranda VCE Bundle includes access to up to 15 eBookPLUS titles, many of which also include Jacaranda’s unique exam preparation tool studyON.

**EASY SET UP**

Jacaranda sets up your child’s JacPLUS account and uploads all their digital resources, ready for the start of the school year. All login details are then sent to the school. Once set up, your child can access their eBookPLUS resources anytime, anywhere, on any digital device. Each account is password protected and should only be accessed by your child. The following information will be provided to the school before the start of the school year:

- login details for your child
- what to do if they have forgotten their password
- a list of all resources in each student’s JacPLUS bookshelf
- instructions on how to launch JacPLUS for the first time
- links to ‘help’, user guides and how to contact the Customer Support team.

**PAYMENT**

Jacaranda has created a Parent Payment Portal website so parents can pay for the Jacaranda VCE Bundle easily and securely online. Detailed information on how to use and when to access the website will be provided through your school later in the year.
The Jacaranda VCE bundle combines superior course content and powerful digital resources with access to 14 eBookPLUS titles for Year 11 and 15 titles for Year 12, across the most commonly studied subjects.

**EBOOKPLUS RESOURCES**

eBookPLUS is more than just a digital version of the print textbook. With a range of engaging complementary resources, concepts are brought to life:

- **Interactivities** provide fun, hands-on activities with instant feedback
- **Video eLessons** enhance students’ learning
- **ProjectsPLUS** features all the tools needed to engage and challenge
- **Worksheets** for revision and consolidation
- **Weblinks** to the latest research and information
- **Links** to studyON
